TARIFF SECTION

THE

VOL. II, No. 43

TRAFFIC BULLETIN

Vol. II. No. 43 WHOLE No. 95. Chicago–JANUARY 30, 1909–Washington. Price, $10.00 Per Year

EXPLANATORY.

All freight tariffs filed with the Interstate Commerce Commission since the last issue of THE TRAFFIC BULLETIN will be found listed in the columns of the tariff section. As far as possible, the tariffs are classified and shown under the appropriate commodity heading. Tariffs covering commodities more or less relative or analogous to each other are carried under the same heading.

Specific rates are given in cases where tariffs are not too voluminous. Unless otherwise indicated, these specific rates are in cents per 100 pounds. To avoid possibility of error all rate quotations given in the BULLETIN should be verified prior to being used for routing or contract purposes.

Particular attention is called to the tariffs bulletined under the heading "Classes and Commodities." The tariffs naming class rates are of interest to subscribers whose tonnage, either wholly or in part, is subject to rates determined by the use of the Official, Western and Southern classifications in the territories where these classifications govern. There subscribers should follow closely not only the changes in class rates, but also the classification changes as bulletined under "Classifications and Rules."

Tariffs, classifications, etc., filed by associations, committees, fast freight lines and other organizations, or by any designated carrier or individual acting as agent for other carriers, will be bulletined as filed by them. Subsequent filings of the same issues by individual carriers will be omitted.

The main object of this section of THE TRAFFIC BULLETIN is to give advance information regarding new tariffs and subscribers should examine the tariffs in which they are interested and post themselves on the details thereof. When applying to carriers for tariffs, applications should give both the I. C. C. and railroad numbers, as well as effective date and a brief description of the tariff.

Subscribers are invited to correspond with our Washington Bureau relative to any tariff listed in THE TRAFFIC BULLETIN. Such correspondence should be addressed to the Traffic Information Bureau, 26 Jordan Building, Washington, D. C. All correspondence relative to business matters should be addressed to the Chicago office.
